

Prospective Speaker Process

- In order to be considered for placement in our speaker pool, we **require** the following from the speaker:
 - Audio and/or video recording of the speaker and a full workshop message (not Youtube clips, please)
 - Other workshop titles and/or topics presented by the speaker, including a description
 - Any published titles
 - Speaking events scheduled in the past 12 months
 - Personal information, including family, background, education, etc.

- Submissions may be submitted via email to prospectivespeaker@heartsathome.org or by mail to: Hearts at Home, Attn: Prospective Speaker Submission 1509 N Clinton Blvd., Bloomington, IL 61701-1813.

- Once we have received the requested information, it will be placed in our prospective speaker review process. We review submissions in the order in which they are received. This process can take upwards of 6-12 months depending upon the number of submissions at a given time.

- Upon review of a submission, the speaker will be contacted to let them know whether or not they have been accepted into our prospective speaker pool. It is from this pool that we book our speakers in future years.

- Unfortunately, we are unable to provide information regarding the status of a submission during this process.
